

# Al Fahad Hossan Nirab

Software Quality Assurance Engineer

## WORK EXPERIENCE

### Software Quality Assurance Engineer

TigerIT Bangladesh Limited  
IT Services & IT Consulting

*June 2023 to Currently Working*

- Worked on Supply and Delivery of High Security Embossed Vehicle Number Plates including Personalization, Enrolment and IT Infrastructure

### Software Test & QA

BNX Networks Inc

*September 2022 to May 2023*

- Creating the requirement documents, test plan, test case for the projects. Testing the websites, mobile application, windows application. Create bug reports and summary report. Automating website projects with selenium

## PERSONAL PROJECTS

**TestNG Automation:** Automated the OrangeHRM website using selenium and TestNG framework. Java has been used as programming language. Used Gradle and Allure to generate the results.

- Java, Selenium, Gradle, TestNG, Allure.

**Money transaction API Testing:** Created the test cases for both positive and negative scenario for the API. By using Postman, tested the API. Login, creating user, creating agent, deposit and send money actions has been done. Generated a Newman report

- Postman, Newman, Node.js.

**API Performance Testing:** Using JMeter checked the performance of the API. Load testing and stress testing scenarios has been generated and checked for bottleneck and error by using JMeter

- JMeter, Java

**SauceDemo.com Automation:** Automated the website using username and password, checked sort, product selection, adding to cart and checkout

- Java, Selenium.
